

### **REMARKS**

The above Amendment is submitted to be a full and complete Response to the Notice of Drawing Inconsistency dated March 29, 2006.

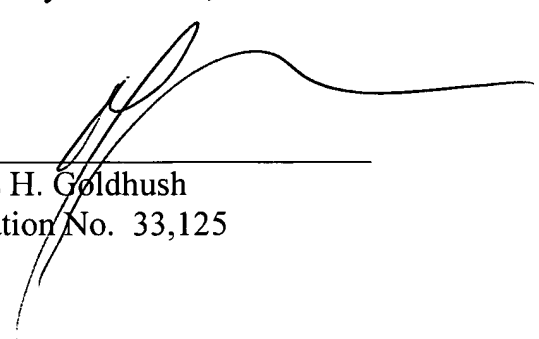

The Notice of Drawing Inconsistency dated March 29, 2006 indicated a deficiency in the specification, in particular the fact that the "Brief Description of Drawings" did not provide a brief description of Figure 39. This specification has been amended to contain a brief description of Figure 39, which is fairly supported by at least page 79 of the specification as originally filed. No new matter has been added.

This Amendment does not change the scope of the claims, and it does not require any further consideration and/or search. This Amendment was not submitted earlier due to the fact that the need for this Amendment came to the attention of the Applicants upon receipt of the Notice of Drawing Inconsistency dated March 29, 2006.

It is respectfully requested that the submitted Amendment be entered, and this Application pass to issue.

In the event this paper is not being timely filed, the applicant respectfully petitions for an appropriate extension of time. Any fees for such an extension together with any additional fees may be charged to Counsel's Deposit Account 50-2222.

Respectfully submitted,

---
